

# Supplemental Rhymes, Reading Suggestions, and Activities

AGES  
3-5

## **Cat Memory Game Instructions**

1. Print two (2) copies of the game pieces page
2. Cut out each square. Consider affixing them to an index card, piece of construction paper, or playing card to make them less see-through
3. Place squares randomly in a grid with the images facing down
4. Take turns trying to flip over two of the same image. The game ends when all pairs have been matched. The player with the most pairs at the end wins.
